This document contains certain non-SFRS financial measures, including EBITDA and EBITDA margin, which are supplemental financial measures of the NetLink Group's performance and liquidity and are not required by, or presented in accordance with, SFRS, IFRS, IFRS-identical Financial Reporting Standards, U.S. GAAP or any other generally accepted accounting principles. Furthermore, EBITDA and EBITDA margin are not measures of financial performance or liquidity under SFRS, IFRS, IFRS-identical Financial Reporting Standards, U.S. GAAP or any other generally accepted accounting principles and should not be considered as alternatives to net income, operating income or any other performance measures derived in accordance with SFRS, IFRS, IFRS-identical Financial Reporting Standards, U.S. GAAP or any other generally accepted accounting principles. You should not consider EBITDA and EBITDA margin in isolation from, or as a substitute for, analysis of the financial condition or results of operation of the NetLink Group, as reported under SFRS. Further EBITDA and EBITDA margin may not reflect all of the financial and operating results and requirements of the NetLink Group. Other companies may calculate EBITDA and EBITDA margin differently, limiting their usefulness as comparative measures.

Q4 FY19 Profit & loss statement

S\$'000	Q4 FY19	Projection ⁽¹⁾	Variance (%)
Revenue	87,862	87,434	0.5
EBITDA	62,810	61,823	1.6
EBITDA margin (%)	71.5	70.7	0.8pp
Depreciation & amortisation	(40,743)	(40,865)	(0.3)
Net finance charges	(4,364)	(5,588)	(21.9)
Profit Before Tax	17,703	15,370	15.2

(1) Projection for the quarter was part of the Projection Year 2019's projection disclosed in the prospectus dated 10 Jul 2017.

Revenue was in line with projection. While the residential connections revenue and ducts and manholes service revenue were higher, the installation-related revenue was lower.

In addition to higher revenue, the higher **EBITDA** was contributed by lower other operating expenses, partially offset by higher operation and maintenance costs. **EBITDA margin** was in line with Projection.

FY19 Profit & loss statement

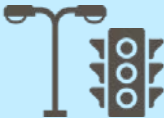

S\$'000	FY19	Projection ⁽¹⁾	Variance (%)
Revenue	353,580	342,214	3.3
EBITDA	247,876	240,178	3.2
EBITDA margin (%)	70.1	70.2	(0.1pp)
Depreciation & amortisation	(160,792)	(163,460)	(1.6)
Net finance charges	(17,334)	(21,262)	(18.5)
Profit Before Tax	69,750	55,456	25.8

(1) Refers to Projection Year 2019's projection disclosed in the prospectus dated 10 Jul 2017.

Revenue was higher due to higher residential connections revenue, diversion revenue, and ducts and manholes service revenue. This was partially offset by lower than projected installation-related revenue.

In addition to higher revenue, the higher **EBITDA** was contributed by lower staff costs and other operating expenses offset by higher operation and maintenance costs and diversion costs, which were in line with the higher revenue. **EBITDA margin** was in line with Projection.

- In the Prospectus, the NetLink Group had projected a DPU of 4.64 cents for the financial year ended 31 March 2019. The NetLink Group's DPU for first half year ended 30 September 2018 was 2.44 cents. Together with a DPU of 2.44 cents for the second half of the financial year, the total DPU of 4.88 cents for the whole of FY19 represents an increase of 5.2% against the projected DPU. The distribution for FY19 therefore amounts to approximately \$190.2m.
- The net cash generated from operating activities in FY19 was approximately \$229.6m, which supported the FY19 distribution.

Focus for FY20

- Expects revenue from key connection services to be higher than that of FY19 mainly due to higher residential connections and installation-related revenues
- Continue to invest to expand the network and also to utilise Capex Reserve on projects that will improve the network's capability and resiliency. Capex in FY20 is expected to be higher than that of FY19
- Work proactively with the Requesting Licensees ("RLs") to anticipate future demand for Non-Residential and NBAP connections, and to support the RLs' efforts to acquire new Non-Residential and NBAP customers
- Monitor the development of the 5G network in Singapore and explore opportunities associated with the new market development
